Schedule a demo NOW for a better ERP & Service!

- Very Expensive, Total Cost of Ownership?
- Your ERP doesn't Solve Business Problems?
- ERP Implementation demanding High & Risky Business Disruption?
- Very late Value Realization of your ERP?
- Training & Migration become expensive and time-consuming?
- Change requests are getting complex, expensive and time-taking?
- Is your ERP plagued with Bloatware?
- Does your change requests limit to Modules, Licences and fees?

Who are we?

KAGAMI is a start-up co-founded by Sunil Motaparti and Krishna Gangapuri and based out of Hyderabad, India. The company is funded by BitKemy Ventures in 2016.

Our Goal:

Eradicate the barriers of ERP adoption for SMEs.
